# 2024 Club Competition

We are excited for our upcoming Club Competition for gymnasts in the Development and Gymstar programs! Each gymnast has been working hard on their routines, and we can't wait to see them show off their routines. All relevant information regarding session times has been emailed out to parents. If you haven't received this email, please don't hesitate to contact reception for assistance.

The Club Competition is a great way for gymnasts to gain valuable competition experience in the familiar environment of their own club. There are no placings for the Development program event as the emphasis is on learning how a competition runs and experiencing what it's like to perform in front of a crowd. The event is also a levels assessment for those gymnasts working on Development Levels 1-4. A reminder that class times will not change after the competition. Gymnasts will continue in their current class where they will continue to consolidate their basic skills, as well as start work on skills for their next level.

Our primary goal for this event is to ensure that all gymnasts have fun while doing their best on the day. We encourage gymnasts to support their teammates and competitors, demonstrating good sportsmanship throughout the event. We appreciate your assistance in reminding the participants of this and thank you for helping us create a positive and encouraging environment for everyone involved.

## Bathroom Tidiness

We kindly ask you to please remind your children to be respectful of our bathrooms during their classes. We have noticed an increase in soap and water on the floor, which can create slippery conditions, as well as paper towels and toilet paper left scattered around. Keeping the bathrooms tidy helps ensure a safe and pleasant environment for everyone. Thank you for your cooperation in encouraging good hygiene and respect for our facilities.

## Eclipse Backpacks

We are excited to announce that we have new backpacks for sale! Our small backpack features one main compartment and a small front pocket, making it perfect for storing shoes and a drink bottle. For those needing more space, we also have a larger backpack that includes a main compartment, a designated laptop spot, and plenty of additional pockets for all your essentials. Be sure to stop by reception to check them out!
